SKILLS

- **Programming Languages :** Javascript(TypeScript), Python3, GO
 - **Front-End Development:** ReactJS, NextJS, HTML5, CSS3, SCSS, TailwindCss, BootStrap
 - **Back-End Development:** Django, FastAPI, Express, Nodejs
 - **Database:** MongoDB, PostgreSQL, MySQL
 - **Data Pipeline:** AWS, Heroku, Docker
-

WORK EXPERIENCE

Junior Web Developer

Jan 2025 - Present

Imranslab, Dhaka(Remote)

- Led frontend development using ReactJS, HTML5, CSS3, and JavaScript to build responsive web interfaces for client and internal projects.
- Collaborated closely with senior developers and the design team to produce pixel-perfect UI components, enhancing usability and visual appeal.
- Developed and maintained backend features using Django and Django REST Framework, building robust REST APIs to serve dynamic content to frontend applications.
- Optimized API performance and implemented authentication/authorization workflows using JWT.
- Managed feature implementation and maintenance, including bug fixes, UI enhancements, and performance optimizations across both frontend and backend stacks.

Junior Web Developer

Jan 2022 - Dec 2023

Wreef AI, Dhaka (Remote)

- Developing and maintaining web applications using HTML5, CSS3, JavaScript, and React
 - Collaborating with senior developers to implement frontend features and user interfaces that enhanced user experience.
 - Working closely with the design team to ensure pixel-perfect implementation of UI components.
 - Learning and applying modern web tools like Git, Vite, and Agile development practices.
-

PROJECTS

Munemi Global (munemiglobal.com)

Frontend: React, TypeScript, Tailwind CSS, Axios, React Router DOM

Backend: Express.js, Node.js, MongoDB

- Developed a responsive, modern business website with dynamic service listings and product showcase pages.
- Built a scalable backend API using Express.js and MongoDB for managing product data and inquiries.
- Implemented secure contact and service request forms with server-side validation.
- Optimized UI performance with React and Tailwind CSS, ensuring fast load times across devices.
- Integrated SEO-friendly routing and metadata for better search engine visibility.

Imranslab Education: (education.imranslab.org).

Frontend: React, TypeScript, Tailwind CSS, Axios, React Router DOM
Backend: Django, Django REST Framework, JWT, PostgreSQL

- Developed a Learning Management System (LMS) allowing students, parents, and teachers to monitor academic progress.
- Implemented JWT-based authentication and role-based access control for secure login and data privacy.
- Created a modular React frontend with reusable components for course listings, dashboards, and progress tracking.
- Built RESTful APIs in Django REST Framework to handle courses, users, and assessments.
- Optimized database queries with PostgreSQL to ensure fast, reliable data retrieval for large datasets.

EDUCATION

Bachelor of Science Electronics And Communication Engineering East West University - Dhaka, Bangladesh	Mar 2011 - Dec 2015
Higher Secondary Certificate(H.Sc) Field of study: Science Saidpur Govt. Technical School and College	2009 - 2010
Secondary School Certificate(S.Sc) Field of study: Science Lions School and College, Saidpur	2007 - 2008

CAREER OBJECTIVE

A highly motivated and detail-oriented software developer with expertise in Python, JavaScript, React, and TypeScript. Seeking a challenging role in a dynamic organization where I can leverage my skills in web development, backend development, and problem-solving to contribute to innovative projects, grow professionally, and deliver impactful solutions.

Sincerely
MD. Tamzid Islam
